REMARKS

25X1X

There was rain and no flying at the Staaken (N 52/Z 65) airfield between 3:30 and 4:30 p.m. Hangars were closed. From 30 to 40 ground attack aircraft covered with tarpaulins were parked haphazardly on the landing field. Six twin-engine transports, five with red-yellow-red lateral stripes on rudder assembly, and one with two small white rectangles on rudder assembly, also stood at the field. [REDACTED] were seen at the field entrance.

25X1B * Comment : Confirms occupation of the airfield by one ground attack regiment and by transports- presumably an air transport escadrille. The ground attack regiment was formerly stationed in Jueterbog-Altes Lager.
